OAVS TGT Mathematics 2024

Complete Reasoning Questions Collection

Reasoning / Mental Ability Section — Question No. 71 to 100

Extracted exactly as they appear in the original OAVS TGT Mathematics 2024 question paper (answer key). Note: Question No. 76 was not present in the original source document and has therefore been omitted here.

Question No. 71

This question is based on the following words.

JET LAG RUM PIN

If in each of the words, each letter is changed to the next letter in the English alphabetical order, how many words thus formed will have no vowel?

A. Four

B. Two

C. One

D. Three

Correct Answer: B. Two

Question No. 72

Based on the English alphabetical order, three of the following letter-cluster pairs are alike in a certain way and thus form a group. Which letter-cluster pair does not belong to that group?
(Note: The odd man out is not based on the number of consonants/vowels or their position in the letter-cluster.)

A. IE-HK

B. RN-QT

C. LH-KM

D. OK-NQ

Correct Answer: C. LH-KM

Question No. 73

Eight persons are sitting in two parallel rows containing 4 persons each in such a way that there is equal distance between adjacent persons. In row 1, E, F, G and H are seated and all of them are facing south. In row 2, Q, R, S and T are seated and all of them are facing north. Thus, each person faces another person from the other row. T sits to the immediate right of R. Only two people sit between G and E. R faces G. The one who faces H, sits to the immediate left of S. Q doesn't sit at any of the extreme ends. Which of the following represents both people facing each other?

A. S,G

B. S,F

C. R,T

D. H,Q

Correct Answer: D. H,Q

Question No. 74

Eight people are sitting in two parallel rows containing 4 people each in such a way that there is equal distance between adjacent persons.

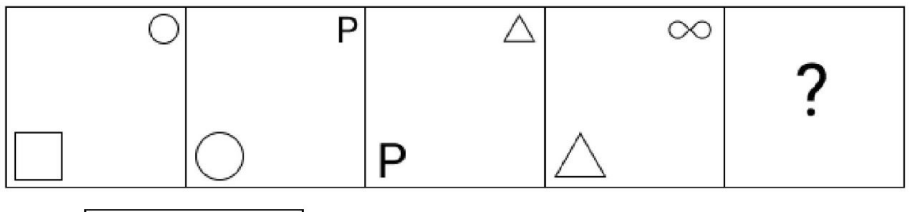

In row 1 – A, B, C and D are seated and all of them are facing south.
In row 2 – P, Q, R and S are seated and all of them are facing north.
Thus each person faces another person from the other row.
D sits third to the right of B. The one facing P is an immediate neighbour of B. The one facing C is an immediate neighbour of P. The one facing D is an immediate neighbour of Q. R sits someplace to the left of S. Who faces C?

A. R
B. P
C. S
D. Q

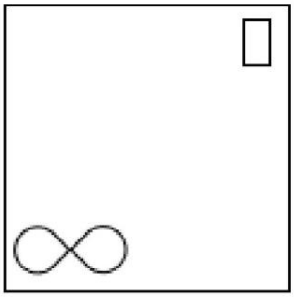

Correct Answer: D. Q

Question No. 75

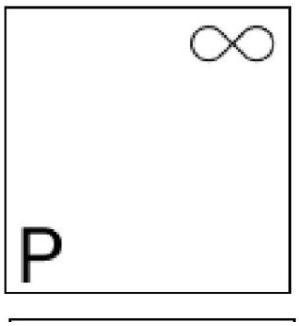

Identify the figure given in the options which when put in place of the question mark (?) will logically complete the series.

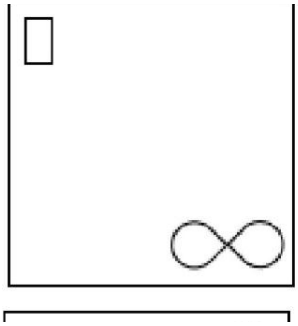

A. (Correct Answer)

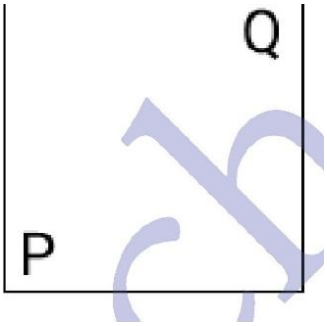

B.

C.

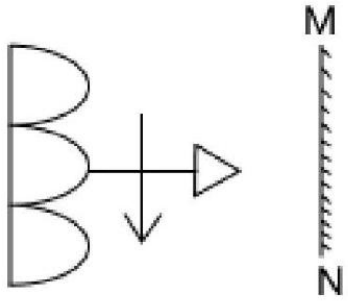

D.

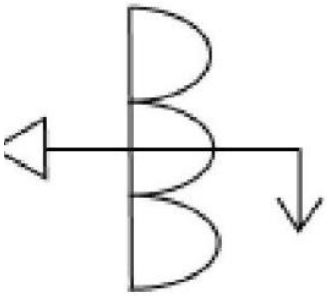

Correct Answer: Option A

Question No. 77

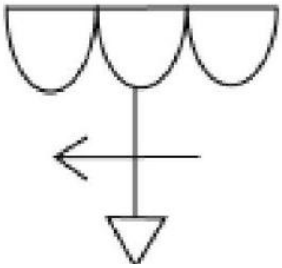

Select the correct mirror image of the given figure when the mirror is placed at MN as shown below.

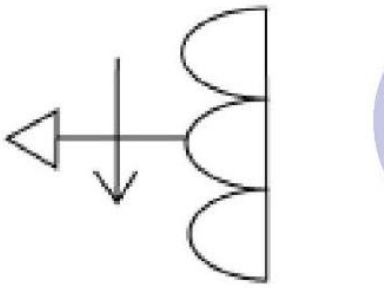

A.

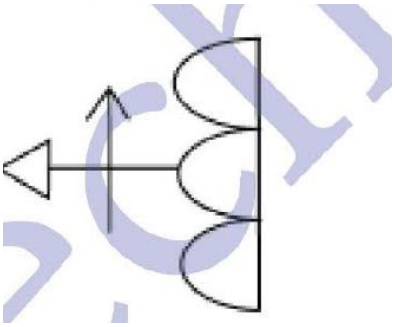

B.

C. (Correct Answer)

D.

Correct Answer: Option C

Question No. 78

What should come in place of '?' in the given series?

11, 16, 26, 41, 61, ?

A. 84

B. 82

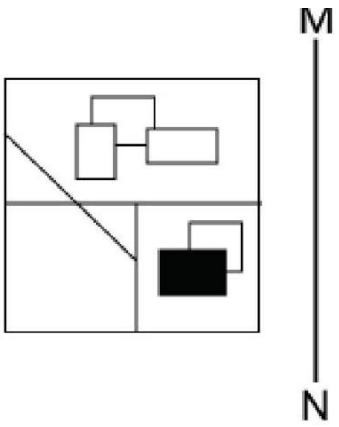

C. 86

D. 88

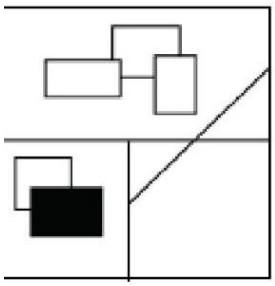

Correct Answer: C. 86

Question No. 79

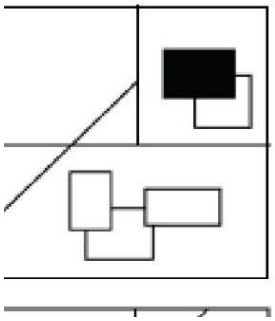

Select the correct mirror image of the given figure when the mirror is placed at MN as shown below.

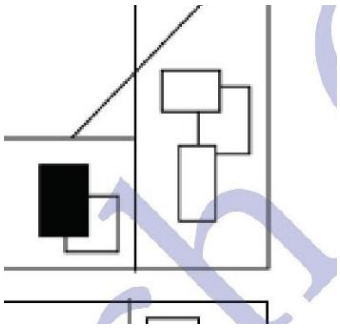

A. (Correct Answer)

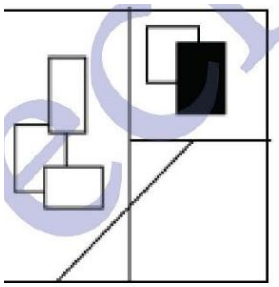

B.

C.

D.

Correct Answer: Option A

Question No. 80

In the following series, only one letter-cluster is incorrect. Select the incorrect letter-cluster.

XQS VOQ TMO RKM PIL NGI

A. VOQ

B. RKM

C. PIL

D. TMO

Correct Answer: C. PIL

Question No. 81

Read the given statements and conclusions carefully. You have to take the given statements to be true even if they seem to be at variance from commonly known facts. You have to decide which conclusion/s logically follow/s from the given statements.

Statements:
All trousers are pants.
All pants are shirts.
Some pants are watches.

Conclusions:
(I) Some shirts are watches.
(II) Some trousers are watches.

A. Only conclusion I follows.

B. Only conclusion II follows.

C. Both conclusions I and II follow.

D. Neither conclusion I nor II follows.

Correct Answer: A. Only conclusion I follows.

Question No. 82

Each of P, Q, R, S, T, U and V has an exam on a different day of a week starting from Monday and ending on Sunday of the same week.
Only two people have exams after P. Only three people have exams between V and P. Q has the exam before T but after P. U has the exam before R but after S.
How many people have exams between T and U?

A. Three

B. One

C. Two

D. Four

Correct Answer: A. Three

Question No. 83

Refer to the following letter, number, symbol series and answer the question.

(left) A # 1 * + B – D 6 7 K % @ & Y 3 (right)

How many such symbols are there which are immediately preceded by a letter and also immediately followed by a number?

A. None

B. Three

C. Two

D. One

Correct Answer: D. One

Question No. 84

Each of P, Q, R, S, T, U and V has an exam on a different day of a week starting from Monday and ending on Sunday of the same week.
U has an exam on Wednesday. Exactly 3 people have an exam between U and S. Q has an exam immediately after R and T has an exam immediately before R. Only 3 people have an exam between P and R.
Who has an exam on Sunday?

A. S

B. V

C. T

D. P

Correct Answer: A. S

Question No. 85

Based on the English alphabetical order, three of the following four are alike in a certain way and thus form a group. Which is the one that does not belong to that group? (Note: The odd one out is not based on the number of consonants/vowels or their position in the letter-cluster.)

A. EOJ

B. KUP

C. PYS

D. HRM

Correct Answer: C. PYS

Question No. 86

Carl starts from point A and drives 10 km towards east. He then takes a right turn and drives 5 km. He takes a final right turn and drives 8 km and stops at point B. Peter starts from point P, which is 12 km east of Point A, and drives 3 km towards east. He then takes a right turn and drives 5 km. He takes a final left turn and drives 2 km and stops at Point Q. What is the shortest distance between Point Q and Point B? (All turns are 90° turns only.)

A. 15 km

B. 13 km

C. 12 km

D. 14 km

Correct Answer: A. 15 km

Question No. 87

Read the given statements and conclusions carefully. Assuming that the information given in the statements is true, even if it appears to be at variance with commonly known facts, decide which of the given conclusions logically follow(s) from the statements.

Statements:
All shirts are jackets.
All jackets are coats.
No jacket is a jumper.

Conclusions:
(I): No coat is a jumper.
(II): No shirt is a jumper.

A. Neither conclusion I nor II follows

B. Both conclusions follow

C. Only conclusion II follows

D. Only conclusion I follows

Correct Answer: C. Only conclusion II follows

Question No. 88

Read the given statements and conclusions carefully. Assuming that the information given in the statements is true, even if it appears to be at variance with commonly known facts, decide which of the given conclusion(s) logically follow(s) from the statements.

Statements:
All ovens are speakers.
All ovens are boxes.
All ovens are curtains.

Conclusions:
(I) All speakers are curtains.
(II) Some curtains are boxes.

A. Only conclusion (II) follows.

B. Both conclusions (I) and (II) follow.

C. Neither conclusion (I) nor (II) follows.

D. Only conclusion (I) follows.

Correct Answer: A. Only conclusion (II) follows.

Question No. 89

In a certain code language,
'is tomorrow a holiday' is coded as 'kb wo vg hv',

'holiday is good fun' is coded as 'fu kb sm vg',
'good health is essential' is coded as 'vg mc rp sm' and
'health and wealth together' is coded as 'cy zt gd rp'
(all the codes are two-letter coded only).

What is the possible code for 'good fun'?

A. kb vg
B. vg fu
C. sm fu
D. kb sm

Correct Answer: C. sm fu

Question No. 90

Select the triad, which follows the same pattern as that followed by the two triads given below. Both triads follow the same pattern.

CJ-FM-HK
FM-IP-KN

A. JP-KS-NR
B. IP-LS-NR
C. JP-LS-NR
D. IP-LS-NQ

Correct Answer: D. IP-LS-NQ

Question No. 91

What should come in place of the question mark (?) in the given series?

16 24 40 72 136 ?

A. 262
B. 263
C. 264
D. 276

Correct Answer: C. 264

Question No. 92

QWDV is related to XBWQ in a certain way based on the English alphabetical order. In the same way, SQBB is related to ZVUW. To which of the following options is NFGM related, following the same logic?

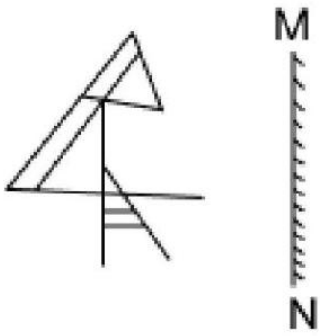

A. UKHZ
B. UZHK
C. UKZH

D. UZKH

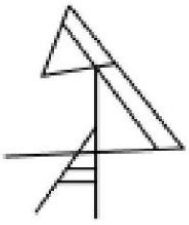

Correct Answer: C. UKZH

Question No. 93

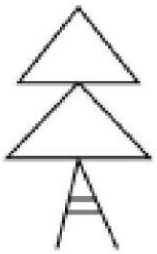

Select the correct mirror image of the given figure when the mirror is placed at MN as shown below.

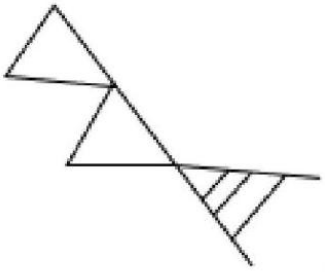

A. (Correct Answer)

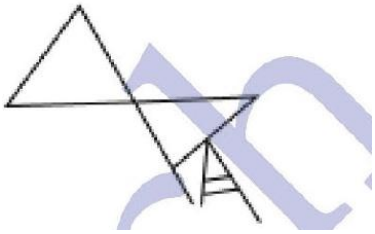

B.

C.

D.

Correct Answer: Option A

Question No. 94

In a certain code language,
'A + B' means 'A is the son of B',
'A – B' means 'A is the brother of B',
'A x B' means 'A is the wife of B',
'A ÷ B' means 'A is the father of B'.

Which of the following means that U is the mother's brother's son of Z?

A. U + V – W x Y ÷ Z

B. U + V – W x Y – Z

C. U + V – W x Y+ Z

D. U + V – W + Y ÷ Z

Correct Answer: A. U + V – W x Y ÷ Z

Question No. 95

EFHD is related to JKMI in a certain way based on the English alphabetical order. In the same way, HIKG is related to MNPL. To which of the given options is KLNJ related, following the same logic?

A. PQOS

B. QPOS

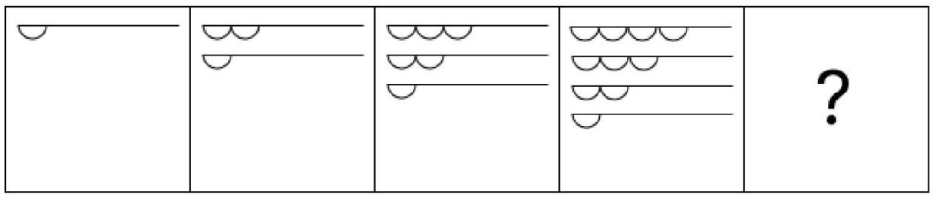

C. PQSO

D. QPSO

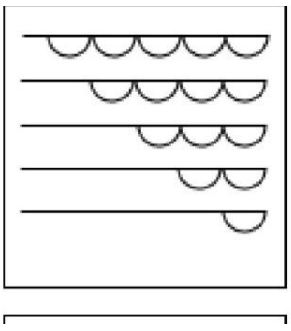

Correct Answer: C. PQSO

Question No. 96

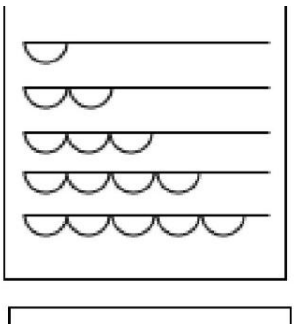

Identify the figure given in the options which when put in place of the question mark (?) will logically complete the series.

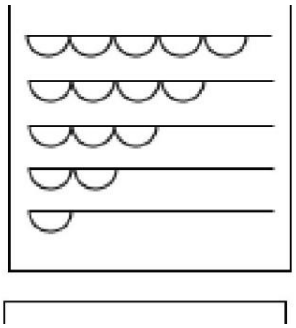

A.

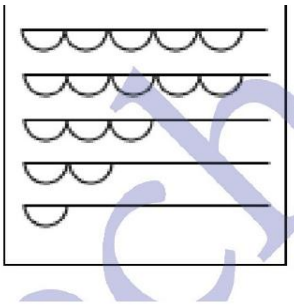

B.

C. (Correct Answer)

D.

Correct Answer: Option C

Question No. 97

Following is a statement and its possible courses of action. The answers hold options regarding which course of action correctly follows the statement. Select the correct answer.

Statement: Saxena wants to quit his job at BPO and start his own business of footwear.

Courses of action:
(i) Saxena must plan beforehand, the details of starting a footwear business.
(ii) Saxena must arrange money to start his own business.
(iii) Saxena must quit the idea of business and pursue another dream.

A. Both actions (i) and (ii) follow.

B. Only action (i) follows.

C. Only action (ii) follows.

D. Both actions (ii) and (iii) follow.

Correct Answer: A. Both actions (i) and (ii) follow.

Question No. 98

This question is based on the following words.

WON SEW HAT CUB

If in each of the words, each letter is changed to the next letter in the English alphabetical order, how many words thus formed will have no vowel?

A. One

B. Four

C. Two

D. Three

Correct Answer: C. Two

Question No. 99

In the following series, only one letter-cluster is incorrect. Select the incorrect letter-cluster.

SUX QSW OQT MOR KMP IKN

A. QSW

B. KMP

C. MOR

D. OQT

Correct Answer: A. QSW

Question No. 100

Select the triad which follows the same pattern as that followed by the two triads given below. Both triads follow the same pattern.

EA-FB-HJ
IE-JF-LN

A. KH-NJ-OR

B. KG-NJ-PR

C. LH-NI-OR

D. LH-MI-OQ

Correct Answer: D. LH-MI-OQ
